Who are we?

We'd like to hear your ideas

- PyData Edinburgh is foremost about **US ALL** as a **LOCAL COMMUNITY** interested in *Python* and/or **DATA**
- (and **great talks** and **lightning talks** and *chatting to brilliant people* and **free drinks** and *pizza* and sometimes *cake*)
- While we have some ideas about improving *the way we do things*, we would also like to *hear from you* what you think runs well and what has room for improvement.
- We're currently creating a **QUESTIONNAIRE** and will give a more elaborate introduction, together with a link, once we're ready!
